Class Rewards: 15 points earns a whole class reward- half of the class period is spent in game time/ dance party with kids choosing the music in the next class meeting time. (If this is in the month before the recital, we may have to push it back until after the recital.) Students as a whole class collect zero, one, or two points at the end of every class period. This is based on Mrs. Fegley's opinion of the class in general.
